VOICE

Warm, plain, direct. "We" for the church, "you" for the reader — never "our members". South African English, 24-hour times, local landmarks named without explanation. One idea per paragraph. Buttons are two or three words: *Plan your visit*, *Let us know*, *Send it* — never *Submit* or *Learn more*. No emoji anywhere in brand surfaces.

ON-VOICE
"True freedom is found in Jesus!"
"We have changed our name and look. Kingdom Light Church is now Fire & Light – same heart, same love."
